BUAD 280: Introduction to Project Management

There are two basic approaches to project management - waterfall, and agile. Students will become familiar with both through this course. This course also introduces students to vital project-management concepts, including the lifecycle of projects. Students will also develop an understanding of how individual projects - and the larger programs they make up - fit within the context of an organization.

This course is essential for any students wishing to pursue an education in project management and helpful for students who wish to gain an understanding of the role of project management within the modern workforce.
