The Bachelor of Business Administrations degree (BBA) with a concentration in Accounting is one of many BBA's offered by the Southwestern Adventist University's Department of Business. The goal of the Business Department is to prepare the student for a career in business, guiding them in obtaining the abilities needed to succeed in their chosen area. The student will develop competencies in integrity, research, and critical thinking, communications, leadership, & professional skills through classroom instruction and activities, projects, case studies, interaction with professionals from the community, and other methods.

### Job Market

Accounting majors will find jobs such as auditor, controller, cost estimator, accounting clerk, accounting analyst, financial analyst, accounting manager, asset manager, and budget analyst to name a few. Individuals can work in fields such as the corporate accounting or the federal tax industry. Some of our graduates choose to continue their education in graduate school resulting in successful careers in many of these fields at an even higher level.

### Job Outlook

The Online College Labor Market Report (2014) reported that the accountant or auditor is the most in-demand business and financial operations occupation. According to the U.S. Bureau of Labor Statistics, between the years 2018 and 2028 there will be an increase of about 90,700 (6%) jobs for accountants and auditors, just as fast as the average for all occupations. Financial specialists will find about 19,100 jobs between 2018-2028 and there will be a need for an additional 5,100 in the same period.

### Earnings

Earnings potential for graduates with accounting degrees vary widely depending on many factors including the geographic location, the industry you choose, position, skills and experience. According to the U.S. Bureau of Labor Statistics (April 2018), the median annual income of tax examiners and collectors, and revenue agents is \$54,440 while accountants and auditors earn an annual median salary of \$70,500. The median annual income for financial managers is \$127,990.

## Business Core Courses

Required of all BBA students.

*\*BUAD 202 is required of all Freshman BBA majors. Junior level transfer students may substitute a business elective for this class with approval from their advisor.*

*Southwestern students who are changing from another major to a BBA are also required to take BUAD 202 unless their advisor recommends an alternative.*
