The Bachelor of Business Administrations degree (BBA) with a concentration in Marketing is one of many BBA's offered by the Southwestern Adventist University's Department of Business. The goal of the Business Department is to prepare the student for a career in business, guiding them in obtaining the abilities needed to succeed in their chosen area. The student will develop competencies in integrity, research, and critical thinking, communications, leadership, & professional skills through classroom instruction and activities, projects, case studies, interaction with professionals from the community, and other methods.

Job Market

Marketing majors will find jobs such as marketing interns, marketing consultants, marketing managers, planners, marketing specialist, marketing research analyst, sales, and chief marketing officer (CMO). Individuals can work in fields such as advertising, brand management, public relations, digital marketing, and social media marketing to name a few. Some of our graduates choose to continue their education in graduate school resulting in successful careers in many of these fields at an even higher level.

A bachelor's degree qualifies an individual for most entry-level positions. However, a graduate degree will significantly increase the potential of obtaining many positions as well as earning potential.

Job Outlook

The job outlook for individuals with marketing degrees continues to improve. According to the U.S. Bureau of Labor Statistics, between the years 2021 and 2031, the need for marketing research analysts and marketing specialists will increase greatly; it is expected that an additional 150,300 jobs will be added (19% increase). There is expected to be an increase of 33,700 (10%) jobs for advertising, marketing, promotions, and managers.

Earnings

Earnings potential for graduates with marketing degrees varies widely depending on many factors including the geographic location, the industry you choose, position, skills, and experience. According to the U.S. Bureau of Labor Statistics, the median salary for marketing research analysts and marketing specialists is \$63,230 annually while advertising, marketing, promotions, public relations, and sales managers earn a median salary of \$123,100.
