

B.S. Psychology with concentration in General Psychology

This degree will prepare you to enter social service institutional employment immediately after graduation or pursue graduate studies in a variety of mental health fields. Concentrations in psychology range from 55 to 58 credits needed to graduate.

Due to the sensitive and confidential nature of our work, psychology students will be held to the highest standards of ethical and moral behavior. Behavior that fails to comply with these high standards will require the student to withdraw from the program.
